Chinko-san here just thanking everyone who hung in there with me for my first completed scanlation project! YAY!! Taking on a 4 volume series was a little challenging but I really loved Kenshiro, Aya-chan, the whole Koshien baseball tournament and of course the Bumpy Dildo! Feel free to check out my tumblr where you can DL all the chapters and see the latest incomplete titles I'm working on along with some amazing new titles. I hope you enjoyed these releases! Thanks again !
